Dear Customer

I don't know if you have heard in the news but Alistair Darling is now about to add an extra 2.35p tax to every litre of fuel sold in the UK. This tax hike comes into force at the start of next week, just as oil prices are at record highs and every motorist is already being punished.

I have been trying not to add a fuel surcharge to invoices for over 2 years now but it is with regret that I am now going to have to pass this fuel tax on to the customers in the form of a fuel surcharge of 3% on cost of deliveries before VAT. e.g. if your delivery cost is £100 there will be an extra £3 added for fuel tax.

Again I would like to apologise for the increase but we can not absorb the extra fuel costs any more.

If the fuel price comes down then we will remove the fuel surcharge and vice versa if the fuel price goes up then the fuel surcharge will increase.

This tax is now going to take the cost per litre of diesel to over £1

If you have any questions please do not hesitate to contact me on 01206 827357.

Yours Sincerely

United Couriers
